

FEATHER RIVER AIR QUALITY MANAGEMENT DISTRICT
MEMORANDUM
12/03/2018

TO: FRAQMD BOARD OF DIRECTORS

FROM: Christopher D. Brown, AICP, APCO

SUBJECT: Authorize the APCO to execute future Department of Toxics Control (DTSC) Agreements for the District.

RECOMMENDATION:

Authorize the APCO to execute future Department of Toxics Control (DTSC) Agreements for the District.

ALTERNATIVE:

Do not authorize the APCO to execute the Agreement with the DTSC.

BACKGROUND:

The purpose of the contract with the DTSC is for reimbursement of District costs for environmental restoration projects at Beale AFB. The District is preempted from requiring permits for projects which are subject to the federal Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The contract allows the DTSC to provide reimbursement for our review costs for these projects at Beale AFB and gives the DTSC oversight authority. The term of this Agreement is July 01, 2018 through June 30, 2020 and is in the amount of \$6,000.00.

The projects at Beale AFB consist of soil remediation projects. As Beale AFB cleans up a site and it closes, the agreement is under the signing authority for the APCO.

The Agreement runs on a fiscal bi-annual year schedule and the District Chairman changes each calendar year so the ease of the APCO signing would benefit the District.
