The Community Air Protection Funds is part of California Climate Investments, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment—particularly in disadvantage communities. Projects will be selected based on benefit to disadvantaged or low-income communities, amount of emission reductions, and applicant’s ability to successfully implement the project. For more information visit <https://www.fraqmd.org/community-air-protection-program>.

The General Application should be received by 5:00 pm on Wed., May 31, 2023. Applications can be faxed to (530) 634-7660, emailed to [fracmd@fracmd.org](mailto:fracmd@fracmd.org), mailed or dropped off at the District. Additional information may be requested by the Feather River Air Quality Management District to determine eligibility and funding levels for applicants submitting General Applications by the deadline who meet the funding criteria of the Community Air Protection Incentives 2019 Guidelines, project plans, and associated guidelines.

## GENERAL APPLICATION

Complete each section. Applicant acknowledges that award is conditional upon approval of the District and must meet the minimum eligibility criteria.

### Project Information

1. Is the project located within a low-income community or disadvantaged community as designed by the State of California? If yes, please identify which ones by listing addresses or lat/long coordinates.

Note: Maps of low-income communities and disadvantaged communities are available at <https://www.arb.ca.gov/cc/capandtrade/auctionproceeds/communityinvestments.htm>. Operation within such communities will not affect grant program eligibility – the data is used for reporting purposes only.

2. If the project is not located within, does it benefit a low-income or disadvantaged community? If yes, please describe how.

3. Estimated cost of project. Attached quotes and engine emissions certifications (if applicable).

4. Describe co-funding available or applied for this project.

5. Generally describe the project. For example, zero-emission lawn and garden projects at schools, list equipment to be replaced. For zero-emission infrastructure projects, list type, number of units, and charging ports. For air filtration at schools projects, list number of units and type of units. For stationary diesel emergency generators provide FRAQMD permit number. Attach additional pages as needed.

As an applicant/participant, I declare that (check only one):

1. \_\_\_\_\_ (Agency or Company Name) is in compliance with, and will remain in compliance with, and does not have any outstanding or unresolved Notices of Violation (NOV) or Notices to Comply or any unpaid settlements for alleged violations of any federal, state, and local air quality regulations including, but not limited to, the following:
